DIRECTIONS FOR ALL SCALES Dream Craft Room – Part I

Designed by the NAME Day 2019 Committee

Tools: Scissors, sandpaper/emery boards, gluing jig

Supplies: Wood Glue and/or white glue of choice, paint or stain

Before you start:

As you work on each section, match up ALL parts with the drawings. Carefully trim saw-cut "fuzzies" from ends with scissors. Sand pieces as needed.

If staining, it is best to do so before gluing together.

CUBBIES ASSEMBLY

1. Using sides (#5) and shelf spacers, construct 8 panels that look like this (Photo 1). Glue one spacer flush with the top, then use one thicker shelf to make a $\frac{3}{32}$ inch space, repeat, and then put the last one on. This should leave you with a $\frac{1}{16}$ inch space at the bottom. Make sure to keep the side edges all flush.
2. Glue the thicker (#3) shelves in to make 4 assemblies like the one in Photo 2. Add the bottom shelves (#4) in the narrow spaces at one end.

SIDES

3. Using backs (#5) and shelf spacers (#9), make the same assembly as in step one but do NOT glue in the shelves yet.
4. Glue the flat side of the back (#5) onto the back of the cubbie assembly in Photo 2. Be sure the $\frac{1}{16}$ " space is on the bottom. Add the front trims to cover the vertical edges. (Photo 3)
5. Glue the wide thicker shelves (#10) into the dados you made on the back, remembering to keep the $\frac{1}{16}$ " space on the bottom edge. Glue one of the bottom shelves (#11) into each unit.
6. Glue the 8 side trims (#12) to the back edges as in photo 3 at the back of the cubbie unit.
7. At this point you can glue on the Back Shelf Supports (#13) to the back/insides of the side shelves, flush with the bottom of these shelves. (Figure 1) These are to keep any items you put on these shelves from falling under the table in the center.

TOP

8. Place your table top upside down and space the shelf units evenly on the two sides. Glue with the under-desk supports (#8) in between on the front and back.
9. Let dry thoroughly and paint if desired. You are now ready to craft away!
